NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to those who are interested in the work of enforcing the Dairy and Food Laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

With this issue of the Monthly Bulletin, we enter upon Vol. II. By authority of the law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted and futile.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the Dairy and Food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including March 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including April 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including May 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.

MANAGING EDITOR—OLIVER D. SCHOCK.

ASSOCIATE EDITORS—C. B. WITMER; PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including June 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including July 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.

MANAGING EDITOR—OLIVER D. SCHOCK.

ASSOCIATE EDITORS—C. B. WITMER; PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including August 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.
MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITORS—C. B. WITMER; PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including September 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including October 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.

MANAGING EDITOR—OLIVER D. SCHOCK.

ASSOCIATE EDITORS—C. B. WITMER; PROF. C. B. COCHRAN

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including November 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.

MANAGING EDITOR—OLIVER D. SCHOCK.

ASSOCIATE EDITORS—C. B. WITMER; PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including December 15, 1904.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.
MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The lists include all licenses granted up to and including December 31, 1904. The oleomargarine and renovated butter licenses issued to January 15, 1905, for the current year, are included in a supplementary list.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.
